SPECIALIST SUBJECTS

DIGITAL MAKERS

VISUAL ART

PERFORMING ARTS

FOOD TECHNOLOGY

MULTIMEDIA & MUSIC

ASSESSMENT

Every core subject and specialist subject with the exception of ACP and Faith & Wellbeing is assessed using at least four formal assessment tasks per semester. These will vary in format and may include tests, essays, practical reports, research projects, assignments and practical assessments. Assessment results are published regularly online during the school year as part of our system of Continuous Reporting. A summary of assessment results is published at the end of each semester.

In addition to this students will receive feedback in relation to their learning routines each term.
